Saturday June 22, 1899

6 O'CLOCK EDITION.

CHAUNCEY DEPEW, in his address to the Yale College students the other day, told them that the reason the class of '53 was famous was due to the fact that half of its members had gone into journalism and praised the other half. There may be more truth than jest in that statement, says the Record-Union. The men who have been "made" by the press are almost countless, but the men who have put so many on the high road to fame are in the main still scribbling along in dingy newspaper offices and unknown to the world at large. The "we" of the press buries for life genius as bright and meritorious as is found in the personality of vast numbers with whose names and achievements the world is familiar.

A CURIOUS election case at Indianapolis has given offense to the colored voters of that city. Anderson Lewis, a representative colored man, was nominated for School Commissioner. The Democrats did not nominate a candidate, and they abstained from voting. Nearly 1,800 votes were cast, of which Lewis received 591. Of course, he was beaten by the Republican candidate. The curious thing is that a tally shows that just 591 colored men voted, and that not a white Republican cast a Lewis vote.

The Silver State comes out in an article endorsing women's rights in strong language. This is in direct opposition to the policy of the paper heretofore, and can only be accounted for by the fact that editor Kelly has had a "sub" on during his absence in Western Nevada. You should post your man, Mr. Kelly before allowing him to straddle the tripod.

A YOUNG and pretty woman, Dr. Giuseppe Catani, has been appointed lecturer on pathology at the University of Bologna, Italy, the oldest university in the world. Her lectures are pronounced most learned, and large audiences of students and others listen to her whenever she speaks. Her beauty and profundity have, in fact, combined to create a sensation.

How MUCH trouble might be prevented by the adoption of the advice of Sidney Smith. "I am for frank explanations with friends," he exclaims, "in cases of affronts. They sometimes save a perishing friendship, and even place it on a firmer basis than at first; but secret discontent must always end badly."

THE Louisville Courier-Journal asks: "Do the leglets that are being introduced by the feminine dress reformer look anything like the wide panties which have begun to be fashionable for the males?" Is our contemporary so limited in its acquaintance with the gentler sex that it cannot ascertain?

The "Grieved Minority." PARIS, June 22.—The members of the Right in the Chamber of Deputies have issued a manifesto declaring that they are aggrieved at the action of the Republican majority, and advising the electors to unite in the name of France and liberty against Parliament federality.

The Lost at Johnston. JOHNSTOWN, June 22.—The local physicians have put the loss of lives at 10,000. Up to 10 o'clock this morning eleven bodies were recovered. The building committee this morning commenced the construction of fifty business houses on the public square.

Sold His Paper. DUBLIN, June 22.—When Patrick Egan was appointed United States Minister to Chili, he transferred to Michael Davitt his shares in the newspaper, *United Ireland*. Parnell and Davitt are now the sole owners.

Lost at Sea. BREISBANE, Queensland, June 22.—The American bark Bazar, Captain Edgett, from Newcastle, N. S. W., was wrecked 500 miles from Sandy Cape. A part of the crew was saved and the remainder are missing.

Nemesis Matters. AUCKLAND, June 22.—Advices from Samoa say that Lieutenant Thurston is inquiring into the charges made by Germany that the British Consul at Apia has been aiding Matafa.

Entombed Miners. SYDNEY, N. S. W., June 22.—Seventeen miners are entombed in a pit at Newcastle.

[ASSOCIATED PRESS DISPATCHES TO THE GAZETTE.]

THE GREAT AMERICAN DERBY.

Spokane the Favorite—45,000 People Present and Chicago Almost Deserted.

CHICAGO, June 22.—The Great American Derby will be run this afternoon. The city is almost deserted by the throng who have gone to the track. It is roughly estimated that 45,000 people are inside the gates.

There are various opinions as to the track. Some horsemen say it is in good condition; others, that it is deceptive.

It is practically conceded that the far West will capture the big stakes. It is not believed that the Kentucky horse, Proctor Knott, has much of a show to win, though he has many admirers who are backing him.

The great Montana Clipper, Spokane, is first favorite, and cords of money are being bet on him. Next in estimation is the California horse, Sorrento, and it is believed the race lies between these two, though it is admitted to be an open contest and may fall to any one. The betting is very heavy.

Sportsmen, Outbound and Le Premier have been scratched. The track is good but not fast; it is believed to be about four seconds slow. The crowd is the largest ever seen at Washington Park.

THE FIRST RACE.

The first race of one mile was won by Marchman, Robin Hood second and Liederkranz third. Time, 1:46.

SPOKANE THE WINNER.

The third race was the American Derby. Spokane came under the wire first, Sorrento second and Retrieve third.

Spokane won by a length. Time, 2:41½. The race was worth \$18,000.

Long Island Races.

SHEEPSHEAD BAY, June 22.—The first race, three-quarters of a mile, Drizzle won; Reclaire second and Burlington third; time, 1:16.

The second race, seven furlongs, Blue Rock won; Ben Harrison second and Gypsy Queen third; time, 1:29.

Stricken With Paralysis.

CLEVELAND, June 21.—Mrs. Hayes, wife of ex-President Hayes, was stricken with paralysis about 4 o'clock to-day at her home in Freemont. Paralysis of the right side resulted in rendering her speechless. Medical help was immediately summoned, but all efforts to restore the lady to consciousness have thus far failed. General Hayes was on his way home from Columbus at the time.

There is no change in the condition of Mrs. Hayes.

Fall of a Tenement House.

BOSTON, June 22.—The two story wooden house on fifth street South Boston, collapsed this morning burying several people in the ruins. Annie Mullen aged 10 and Thomas Flaherty aged 13, were taken out dead. Mrs. Hannah Mullen, aged 32, had a leg broken and Edward C. Nolan, aged 13, severely injured internally. Several others were hurt but not seriously. The house had been vacant some time and was condemned by the inspectors of buildings. The people of the neighborhood have been in the habit of going there for firewood and had torn away about all of the underpinning. One of the boys was chopping away a portion of a beam when the house fell.

Federal Appointments.

WASHINGTON, June 22.—The following appointments are announced: John L. Stevens of Maine, Minister to the Hawaiian Islands; George Money of Tennessee, Minister to Paraguay and Uruguay; John Martin Crawford of Ohio, Consul-General at St. Petersburg.

A Hemp Necktie Party.

OMAHA, June 22.—Nicholas Folly, who murdered Mrs. Fomeroy Clark at Elgin, Neb., this morning was taken from the deputy sheriff who captured him and hanged to a bridge near the scene of his crime.

A Railroad News Agent Tells a Queer Story About the Cronin Murder.

CHICAGO, June 22.—George E. Brooks, a railroad news agent, tells a queer story: He says on the night of the Cronin murder he was driving in Lake View with his sweetheart and saw three men loading a trunk into a wagon at the Carlson cottage. A half hour later he saw the men dumping the contents of the trunk into the catch-basin in which the body of Cronin was found. He says he saw the men and their female companion and would be able to identify them. Brooks' explanation of his failure to tell the story before is that he was afraid of losing his life, as he believed the men concerned in the murder so desperate they would kill any one they thought would turn up as a witness against them. Before telling the story he stipulated to be given protection. He described the three men he saw and the description of one of them is said to fit Burke, the Winnipeg prisoner.

A Murderer Arrested.

HELENA, Mont., June 22.—Hamilton Wilbur was arrested yesterday by the sheriff of Cascade County as the man who murdered five emigrants in Judith County. Wilbur is now in jail at Great Falls. Wilbur was arrested in Montana in 1887 for the murder of a cowboy in Wyoming, but broke jail. He was finally captured by the Montana authorities but was subsequently acquitted. If Wilbur is identified he will probably be lynched. The murdered people are most positively identified as Joseph Kuriz and wife and Ed Briggs and wife, well-to-do people of Helena, on a trip to Northern Montana. The little girl is supposed to be a child that the party was taking to her parents.

Four Blocks at Vancouver Go Up in Smoke.

PORTLAND, Ore., June 22.—At an early hour this morning a fire swept through the business portion of Vancouver, W. T., destroying the principal part of four blocks of frame buildings, lying east and west of the main street. The loss is between fifty and sixty thousand dollars, and the insurance is small, being mostly in Seattle companies. There were two fires during the night, both undoubtedly incendiary.

An engine was sent from Portland, and at 5 o'clock the fire was under control and almost out.

Boy Live a Day or Two.

LANCASTER, Penn., June 22.—Cameron's physicians express the opinion that his great vitality may sustain his life a day or two. There is no return of consciousness.

LANCASTER, Pa., June 22.—General Simon Cameron's condition is about the same as last night. For two days General Cameron partially regained consciousness about noon. He could not speak, but recognized his attendants.

Another Transit.

WHEELING, W. Va., June 22.—The large manufacturers of Queens Ware and China, including those of New Jersey, West Virginia and Ohio, are endeavoring to form a trust. The leading pottery operators of the country have been in consultation in this city for a number of days. All that is lacking now is a plan which will secure the co-operation of all concerned in that line of trade offered.

The Presidential Party.

CAPE MAY, N. J., June 22.—Cape May is beautiful to-day in an elaborate display of busting thrown to the breeze in honor of the presence of President Harrison. This morning General Sewell took the President for a drive upon the beach and through the town.

Attracts Attention.

JERSEY CITY, June 22.—Two cars, sent out by California Board of Trade with exhibits of the products of that State, was thronged with visitors this morning at the Erie railroad yards.

TELEGRAPHIC BREVITIES.

Bar silver, 91½.

COCONUT FOR TAPEWORMS.

Used as a Vermifuge in India for Forty Generations.

In this country, remarks an exchange, comparatively few people harbor that troublesome parasite the tapeworm. Americans are no lovers of raw meats—the common source of infection. There are a number of drugs held to possess qualities destructive to tapeworms, but most of them have been proved unreliable. Recently attention has been called to cocoanuts as a vermifuge. Professor Paresi of Athens, when he was in Abyssinia, happened to discover that ordinary cocoanut possesses vermifuge qualities in a high degree. He took, one day, a quantity of the juice and pulp, and shortly afterward felt some gastric disturbance, which, however, passed off in a few hours. Subsequently he had diarrhea, and was surprised to find that there had been expelled a complete tapeworm, head and all, quite dead. After returning to Athens he made a number of observations which were most satisfactory, the tapeworm being always passed and quite dead. He orders the milk and pulp of one cocoanut to be taken early in the morning, fasting, no purgative or confinement to the house being required. A correspondent writes to the *Pharmaceutical Journal* that the cocoanut has been used as a vermifuge in India for probably 40 generations by the bearers of the country, and is so well known there as a means of expelling the flat worm that he cannot conceive how information of the fact has not reached England before. When properly prepared and intelligently administered, he says it is equally efficacious with male fern, kotoso, pomogranate root, turpentine, etc., while it is as pleasant to the palate as they are offensive.

The immediate symptoms of Dyspepsia, or indigestion, are a distressing sense of weight, oppression and fullness in the stomach, heartburn, loss of appetite, foul breath, belching, flatulency, nausea, pains in the shoulders and breast. Dr. Hensley's Dandelion Tonic promotes healthy digestion and removes all unhealthy symptoms. Sold by William Pinniger.

This to certify that I have used and thoroughly tested, for the past two weeks, a five-foot Deering Mower. I have used mowers for thirty-five years and have tried nearly all the standard machines manufactured during that time, and am perfectly satisfied that the Deering is the best machine that I have ever used. It is without side draft and bears lightly upon the horse's necks. It cuts from twenty to twenty-five per cent. more than other mowers, cutting better without side draft. I most cheerfully recommend the Giant Deering Mower to all who may wish to secure a first-class machine.

W. N. GOULD.

Led to Serious Trouble.

A negro drum corps parading in Wilmington, Del., were annoyed by white lads and opened fire on them with pistols at short range. Walter Wright, aged sixteen, was shot and killed. Joseph Lawless, aged eight, was wounded in the shoulder and arm and Thomas Maloney in the arm. The negroes were arrested.

Though Shaken Like a Leaf

By the most trivial causes, weak nerves are easily susceptible of indignation, a term which also imports in this instance, quietude. The nervous have but to use Hostetter's Stomach Bitters systematically to overcome that super-sensitiveness of the human system, which is subservient of all bodily comforts and mental tranquility, and which reacts most hurtfully upon the system. The difficulty underlying this, as well as many other ailments, is imperfect digestion of the food. In the discharge of both the digestive and assimilative functions, the Bitters are the most reliable and powerful agents. As the body regains vigor and regularity by its aid, the brain and nervous system are also benefited. Persons subject to the attacks of malaria, dyspeptic and rheumatic invalids, and persons whose kidneys are inactive, should also use the Bitters.

A Safe Investment.

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return purchase price. On this safe plan you can buy from our advertised druggists a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping cough, croup, and etc. etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at S. J. Hodgkinson's Drugstore.

How He Became Famous.

The Walter, Iowa, News, says: Our old friend, Robert Baird, of Muscatine, Iowa, has been Secretary of the State Senate, and an active politician for years, but was never generally known until he had the colic, and used Chamberlain's Colic, Cholera and Diarrhoea Remedy, and got out of their awful clutches. "Now he is famous." Here is what Mr. Baird said: "While I was in Des Moines, I was taken with a severe attack of colic, and I suffered intensely, trying several drug stores and paying them for relief, but in vain. I finally bought a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and two doses of that brought me out all right. It costs less than the drug-store preparations and I have the balance for future use. I consider it a grand remedy. 25 and 50 cent bottles for sale by O'Brien & Shoemaker."

Timely Advice.

Let us give the readers of the GAZETTE a little timely advice. Hot weather is coming and with it colic, cholera morbus, dysentery, diarrhoea. The only safe way to combat these diseases, is to keep a reliable remedy at hand, and all who have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy will admit that it is the most prompt, reliable and successful medicine known for these complaints. It costs but 25 or 50 cents and may be the means of saving you or your family much suffering, if not life itself, before the summer is over. For sale by O'Brien & Shoemaker.

O. What a Cough.

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease, Consumption. Ask yourselves if you can afford for the sake of saving 50 cents, to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. This explains why more than a million bottles were sold the past year. It relieves Croup and Whooping Cough at once. Mothers do not be without it. For Croup, Cough, Croup, use Shiloh's Porous Plaster. Sold by Osburn & Shoemaker.

We have a speedy and positive Cure for Catarrh, Diphtheria, Canker Mouth, and Headache, in SHILOH'S CATARRH REMEDY. A Nasal Injector free with every bottle. It cures colds, cures throat, cures cough, cures croup, cures whooping cough, cures croup, cures whooping cough, cures croup, cures whooping cough. Price 50 cents. Sold by Osburn & Shoemaker.

Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. 25 cents a bottle. Sold by Osburn & Shoemaker.

This is the season of the year when the raw, cold winds create a heavy attack of colds and a clear "peachy" complexion can be assuredly preserved by the frequent application of Dettol's Specific. If rubbed into the skin well it leaves no greasy surface. The skin absorbs it. Sold by William Pinniger.

It should be generally known that Dr. Henley's Dandelion Tonic assures a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and weakness, and will infuse new life and strength into the weakest invalid. Sold by William Pinniger.

Oregon is one of the most productive States in the Union. Its vast mineral regions contain gold, silver, copper, iron and coal. Its immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the Western State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by William Pinniger.
